A single failing score in a theoretical subject qualifies for a re-test in that subject. All re-tests will take place at the conclusion of the course. A single failing score in either of the methodology subjects will result in a failing grade for the course with no re-testing. If a candidate is found deficient in only Game Awareness, he/she may still pass the course. *If an applicant misses any of the course sessions, he/she must return to a future school to participate in that session/lecture, even if the candidate has passed all of the testing areas. License will be withheld until this requirement is fulfilled.*

3.2 RULE

If "C" candidates receives a passing grade equaling 3.2 or above, they must wait two (2) years before attending a "B" course. However, if they audit a "B" course within that two-year period, they will be permitted to attempt the "B" License after the minimum 12-month waiting period.

Candidates will receive their results from the national office within 6-8 weeks following the conclusion of the course. Successful candidates will receive a license certificate and license card at that time.
