Coaching Education  
Deferment Request**

Coaches that are unable to fulfill the minimum coaching standards as passed by Indiana Youth Soccer can fill out this deferment request in order to continue coaching. This deferment request will be good for one year only. This deferment is not the same as a waiver. The deferment is simply asking for more time to obtain the minimum coaching standard needed for the coach to fulfill. In the event that the minimum standard has not been reached after the one year grace period, the requesting coach will no longer be allowed to continue coaching until the minimum standard has been met. Please fill out the form below and submit it to the Indiana Youth Soccer Director of Coaching.
