

Indiana Soccer League (ISL) Book of Reports, January 2019 – George Perry, Commissioner

ISL is continuing to serve our membership from a competition stand point. The challenges we face are the ability to get games in as a priority to the families. Brian Simpson has added much to the organization and member experience, trying to make all aspects easier for our members. Altogether we have George Perry, Jennifer Austin, Brian Simpson, Mike Williams and Tina Mevis working together to bring the best league possible to our membership.

Indiana Soccer continues coordinate two Select (Rec+) Leagues (ECIYSL & NESSL). The NWMC no longer exists and they have moved their teams to the West Central Suburban Soccer Federation (affiliated with Indiana Soccer) or running in house programs. We are in discussion with a couple of other areas to implement Select Leagues.

The new divisions of 15U 11v11 and 15 & Over 7v7 for fall play has been a success. This is fulfilling a need for players who want to play in the fall that do not have high school soccer as an option. It is not especially large but it serves players who would not have other options in the fall.

Looking forward to the Spring of 2019 and Fall of 2019:

At the 2019 AGM, we will be discussing the following:

- Review with the DOCs the promotion/relegation policy for teams moving from ISL 1st to ISL Premier Divisions, ISL Premier to NL (Great Lakes and Midwest Conferences).
- Review the seeding recommendation process for State and Presidents Cups.
