

Indiana Soccer League (ISL) Book of Reports, January 2020 – George Perry, Commissioner

ISL is continuing to serve our membership from a competition standpoint. The main challenge we face seems to be rooted in the participating family's low priority to have games played as scheduled. George Perry, Jennifer Austin, Brian Simpson, and Mike Williams work together tirelessly to deliver the best league possible to our membership.

Indiana Soccer continues to coordinate two Select (Rec+) Leagues (ECIYSL & NESSL). This is an area of growth we will continue to pursue.

The new divisions of 15U 11v11 and 15 & Over 7v7 for fall play continue to provide opportunities for players. This is fulfilling a need for players who want to play in the fall that do not have high school soccer as an option. It is not an especially large group, but it serves players who otherwise would not have playing options in the fall.

Looking forward to the Spring of 2020, Fall of 2020 and Spring of 2021:

At the 2020 AGM, we will be discussing the following:

- Review with the DOCs, the promotion/relegation policy for teams moving from ISL 1st to ISL Premier Divisions, ISL Premier to NL (Great Lakes and Midwest Conferences).
- Review the seeding recommendation process for State and Presidents Cups. Introduction of play-in/challenge games to fine tune the process of who is eligible for State Cup or Presidents Cup.
