These age groups will progress to Regional and National Championships.

ISL 2003/02 teams may participate in State and Presidents Cups for this 2021-2022 year but they will have to **remove their 2002 players** from their State and Presidents Cup roster.

Fall Players – 2007 and older (for ISL ONLY, these options do not apply to NL – GLC/MWC or Cup play) There are three options for these players:

- A 2007 player may play as a “trapped” player on a 2008 team in the fall only. Maximum of three 2007 players may participate in any one game. You may roster as many 2007 players as you like. If a team is using a “trapped” player(s), that team is not eligible for promotion for the next season.
- 15U 11v11 – for 2007 players who are not playing high school soccer. There is only currently one play division. **If a club has a 15U 11v11 team, that club may not use a 2007 player as a “trapped player on a 2008 team.**
- 15 & Over 7v7 – for 2007 and older players who are not playing high school soccer. There is currently only one play division.
- At no time is a player who participated in high school soccer eligible to play in the fall ISL season.
