We are organizing a new Select League in the Fort Wayne area to be called the Northeast Select Soccer League (NESSL).

We introduced sending out schedules approximately 48 hours prior to the scheduling meeting and this has been received warmly. It allows clubs to review conflicts ahead of time, making the actual scheduling meeting an easier process.

This year, with the new configuration of the teams because of the birth year changes, we allowed clubs to select all of their divisions of play (within reason) which made for larger play groups in Premier and 1<sup>st</sup> Divisions.

New divisions were created for the fall season with 15U 11v11, 15U 7v7 and 16Over 7v7. With the numbers of registrations, we combined the two 7v7 groups. Having a total of 59 teams participate, we see this continuing going forward.

### **Looking forward to the Fall of 2017 and Spring of 2018:**

We will be moving the name Rec + to Select starting the Fall of 2017.

Premier & 1<sup>st</sup> Divisions in 16U and older will have a maximum of 8 teams and 13U – 15U a maximum of 9 teams.

Beginning the Spring of 2018, MRL will have 13U divisions.

There will be discussions about the heading protocol at the AGM with a possible new policy in affect beginning the Fall of 2017.

A new policy for coaches moving from one club to another will be discussed at the AGM with implementation beginning the Fall of 2017.
