

Indiana Adult Soccer 2020 – John Mitchell, Adult Commissioner

2020 has proved to be a trying year. All adult soccer in Indiana for the Spring 2020 season was cancelled. Adult State Cups were also cancelled.

The Fort Wayne Adult Soccer League was able to play an eight-week season in July/August. CIASA had their normal Fall season. NWIOBFC had their normal fall season. CIWSL ran a small-sided format and training sessions. Most of our Adult Recreational programs were able to offer some form of 7V7 play.

Our numbers were about 70% of 2019, while we were anticipating about a 15% growth. Fears of Covid kept players from participating. We will have to wait to see the measure of economic repercussions.

Moving to 2021 we anticipate a somewhat normal year. State Cups will return with the addition of Women's Over 30 and Men's Over 40.
