

## **Indiana Adult Soccer 2020-2021- John Mitchell Adult Commissioner**

2021 brought us closer to normalcy and playing the game we love. Throughout the State we had league play, in most areas we had spring and fall seasons. CIASA and Fort Wayne Sport Club hosted tournaments.

CIWSL participated in the Women's State Cup. A special thanks goes out to Jody Toth and her players for making the Cup a success. In hindsight, it is not feasible to run Adult Cups the same weekend as the youth finals event. In 2022 Indiana Soccer will host the Adult Cups the weekend following the youth event.

While our numbers are down (adult registration for calendar year 2021 was 2,203 players), we came close to 2019 registrations. We are looking for growth in 2022.

Good news going forward in 2024, Fort Wayne Sport Club will become the permanent site and host for the Midwest Tournament of Champions. This is an exciting opportunity for the club and the state of Indiana.
