Player Registration

Summary of actual player registration numbers in chart below for the past 5 years. The decrease in the 2019-2020 is due to the cancellation of the spring 2020 season (COVID19 pandemic). 2020-2021 numbers show an increase trending back to normal. While the Travel registrations nearly reached pre-covid numbers, several of the Rec+ and Rec clubs remained closed for the fall 2020 sessions due to covid. The 2021-2022 year-end numbers will reflect their return to play at previous totals.

Risk Management

- **Safe Sports Act** – Indiana Soccer continues working with member clubs to be in compliance with the federal law requiring the education for the Safe Sports Act. Indiana Soccer continues to work with our governing bodies and requires the Safe Sports course for all coaches and managers and club officials.
- **Background Checks** - Approximately 3,561 new background checks were performed this fiscal year for club officers, coaches, team managers and referees. A background check on an individual is valid for two years. Compliance is built into the travel and rec plus side due to checks associated with game rosters etc. The rec side does not have these built-in checks. However, compliance is equally required, and we urge each club to utilize this service. Please note that there is no additional charge associated with background checks as this cost is part of the player registration fees.
- **Concussion Awareness and Education** -Concussion Awareness training is available from the CDC and can be accessed through coach and manager accounts. It is required that all coaches, managers, club personnel and referees take this training.
- **Insurance** - The state office oversees the administration of the Directors & Officers insurance, liability insurance, and secondary medical insurance coverage for the membership. K&K Insurance provided the insurance for the youth players, and AGA currently provides the insurance for adult players.
