

Indiana Soccer Competition Book of Reports – George Perry

Spring 2024 – Fall 2024, AGM February 22, 2025

Slight gain in number of teams. With the addition of USYS E64 and E64 RL (club v club competitions), some of the teams who would traditionally play in ISL Premier or 1st are playing there.

Many of the IS 10U & 8U teams are registering with CNC. The format they use is very good and Jake Satchwell does an excellent job developing that program. They do register with Indiana Soccer. Jake and I are in discussions about combining the two. The biggest downside to how CNC schedules, not every team gets a home game. They have large play sites. We are working to bring the two groups together and I will be working to get the non-Indianapolis clubs at least one home date. The good news, combining the two, the 10U & 8U number of teams since fall of 2020 has grown from 233 to 384. Combining the two will have a positive effect for all.

Indiana Soccer Small-Sided Referee Certification

This is a program designed to help grow our referee pool. Referees who participate in this program can only referee small-sided games at Indiana Soccer sanctioned games. Most participants should begin their refereeing in a local recreation program. Their assignors should suggest if they are capable of progressing to the travel game. It is currently only available in Indiana. To date, the following numbers have completed this class.

2022 – 461; 2023 – 574; 2024 – 433; 2025 – 46 and counting.
