GOTSOCCKER/GOTSPORT HISTORY

Founded in 1996 by former journalist and soccer coach Gavin Owen-Thomas, the company began in Jacksonville Beach, Florida. It evolved from a basic ranking tool into a massive "Swiss Army Knife" for soccer administration, powering everything from local clubs to elite professional leagues globally.

1999: The company launched its famous GotSoccer Rankings.

2003: The platform rapidly expanded its utility by launching an automated Match Scheduling System.

2006: A comprehensive Club Management System was launched.

2007: Online Registration tools added.

2011–2012: GotSoccer rolls out self-scheduling capabilities for leagues and expands its services abroad to international markets.

2015: The company launches GotPro, entering the professional sports market expanding to schedule games for organizations like the NBA, Major League Baseball, MLS, and over 40 professional leagues worldwide.

2019: GotSoccer introduces GotSport, a completely rewritten, mobile-friendly cloud platform designed to merge all user roles (coach, parent, player, referee, and administrator) into a single, unified account.

INDIANA SOCCER REGISTRATION PLATFORM HISTORY

— SINCE —
2009

Prior to 2005, state player registration was performed manually, offline, and players passes were "snail" mailed to the clubs.

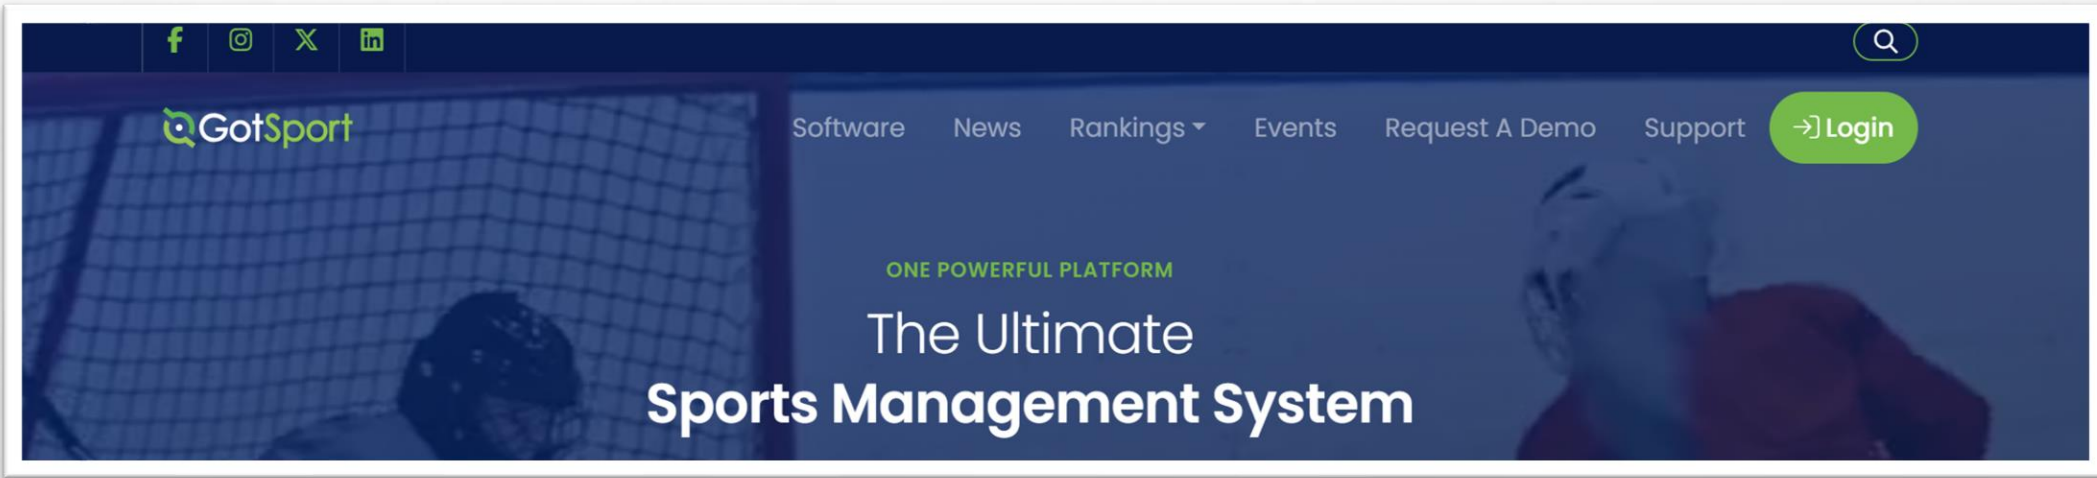

From about 2005-2009, Indiana Soccer used 3 different platforms for player registration.

- League One
- Active
- eTeamz

In 2009, after exhaustive research and platform testing, Indiana Soccer selected Gotsoccer as its official registration platform.

Indiana was one of the first states to fully adopt Gotsoccer. We have been partners ever since helping test and implement the development of the platform as it exists today.

In the past, Indiana Soccer encouraged each club to use GOTSPORT to collect their player registration data since that is the destination of all player registration data for Indiana Soccer members.

**Today, we are proud to announce the GOTSPORT
online player registration platform is now a
COVERED MEMBER BENEFIT for
Indiana Soccer member clubs.**

WHAT DOES THIS MEAN FOR YOUR CLUB?

If your club currently uses GOTSPORT as your online player registration solution, the fee you pay to GOTSPORT for the online player registration module will now be covered by the Indiana Soccer partnership. (Effective Nov 1, 2026)

If your club currently uses a different platform to collect player registration information, we can help you switch to GOTSPORT and you will not pay a fee for use of the online player registration module.

WHAT IF WE ARE IN THE MIDDLE OF A PROGRAM?

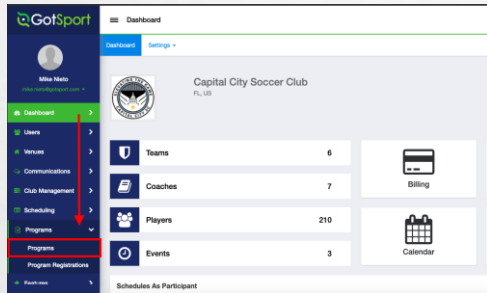

If your club is in the middle of an existing active program with Gotsport, that will not change and it will run the course as it was originally set up to run.

All NEW player registrations programs will fall under the Indiana Soccer Member Benefit (no charge) plan!

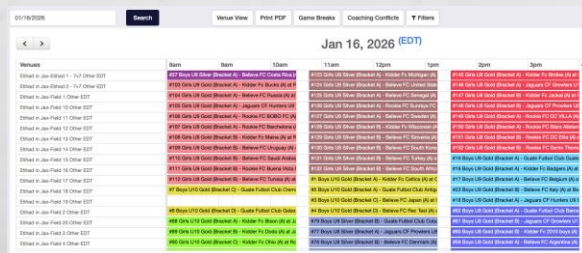

WHAT EXACTLY WILL CLUBS GET ACCESS TO:

The PROGRAM module to create customized online player registration forms. With the ability to collect payments online (credit card processing fees will still apply)

BONUS:

The SCHEDULING module to be able to create INHOUSE schedules at no cost (regular fees apply when hosting tournament events or teams from outside your club).

HOW WILL CLUBS GET ACCESS:

ACTIVATE

Gotport must activate the PROGRAMS & SCHEDULING modules in your club account.

To have them activated under the Indiana Soccer member benefit "no charge" plan: Contact Angel Hall
angel@soccerindiana.org

ACTIVATION COMES WITH TRAINING:

Indiana Soccer and Gotsport will provide individual club training with activation. When the module(s) are turned on, you will receive a link to select a training time that works for you and your club!

WANT MORE INFO OR A DEMO BEFORE DECIDING?:

MORE INFO

You can access more information about the modules thru your SUPPORT or contact Gotsport for a DEMO or we are happy to give you more details!
